### Best Practice-1

#### Title of the practice: 'Preparedness for Career Enrichment'

##### 1. Objectives:

- The main objectives of the Preparedness for Career Enrichment include Industry collaboration, Center of excellence and Earn while learning which forming and upholding connections with the corporate realm through MOUs with industries, to facilitate Industrial internships and visits, in-plant training programs for students.
- The center of excellence aims to facilitate academic and industry collaborations, conduct workshops and seminars, offer student internships, and explore opportunities.
- 'Learning by doing' and 'earning by learning' are essential to future career development. Therefore, Industrial Training is an excellent combination of work and learning. The students of various streams not only financially support their studies but also gain practical experience that would stand by them later in their careers. It helps the students gain first-hand corporate world experience and develop self-confidence and personality.

##### 2. The Context:

- The institution has proactively engaged in establishing connections with diverse industries through Industry collaboration, fostering and nurturing professional relationships with these sectors. This proactive approach involves organizing industrial internships for students and Faculty Development Programs (FDP) for faculty members. These initiatives serve the dual purpose of providing students with hands-on practical experience and enabling faculty to stay updated with the latest industry trends.
- In the pursuit of academic excellence, the institution encourages students to actively interface with industries through avenues such as internships, sponsored projects, training programs, and industrial visits and consultancy engagements. Moreover, the institution regularly invites industry experts to share their knowledge with students, creating an invaluable platform for enthusiastic young minds and faculty

members to cultivate skills spanning various domains, including managerial expertise, social responsibilities, and industry collaboration

- It has become earning while learning is more than a necessity. The reason behind college going students working while studying is much beyond the poor financial conditions of the families they belong to Both learning and earning are equally important, but without balance, the value of each diminishes. . It will prepare the students to take up jobs in future and expose them to the outside world.

### 3. The Practice:

- To strengthen the Preparedness for Career Enrichment, Institution have taken MOUs with Cluster IT Solutions, Solvency Software Solutions Pvt. Ltd, Swecha Org Various training groups ICT academy, Chennai, Telangana Academy of Skills and Knowledge (TASK), TechSaksham, edunet, Now Platform which provides internships, certificate courses, workshops on latest cutting edge technologies by Industry experts.
- Further it focuses on PEGA training program from PEGA International University, USA. This program offers highly competitive benefits and robust programs focused on Employee wellness, Inclusion and diversity, Professional growth and education.
- At our institute we encourage our students for EWL by providing opportunities with-in the campus like Web-Page Development & Maintenance of AIET Website, Face-book Page Maintenance of AIET, Poster Designing, Pamphlet Designing, Certificate designing for Workshops, Certificate designing for Faculty Development Programs, Flex-Designing for various Workshops, etc., By providing these opportunities to the students we offer Free-ships. Also some of the students are encouraged to go for Internships to earn, learn, and increase their level of expertise in the specific domains.

#### 4. Problems Encountered and Resources required:

- It is difficult to find the right person from the Industry who can authoritatively deliver sessions on the latest technologies. It is challenging to maintain a balance between academic activities and technical event activities.
- Some students are from vernacular backgrounds and have poor English communication skills, which need to be improved.
- The biggest challenge for the affiliated institutions is to balance the academic program and these activities. Dedicated students who have less income but have zeal to work and earn money are encouraged and supported in every way. Such students are identified and offered some initial training to work for the Organization after the working hours. Some of the students are encouraged to choose Internships as well.

#### 5. Evidence of Success:

- Students gain practical experience by working on real projects within industries, applying theoretical knowledge to real-world scenarios.
- Industry experts are invited to deliver lectures, workshops and seminars on emerging trends, technological advancements and industry expectations, providing students with insights beyond the academic curriculum. Their visit helps us to understand the gaps in academia with regards to Industry.
- Students enhancing their understanding of real-world operation after attending industrial visits and Internships. So, the graduate is readily absorbed by industries due to their practical exposure, relevant skills and adaptability to industry norms.
- Higher placement rates and better job profiles for students demonstrate their readiness for the industry.

## Best Practice –II

### Title of the Practice: 'Contribution to Neighborhood'.

#### 1. Objectives of the Practice:

Sensitize the students on social causes and issues to instill a strong culture of social responsibility among them and thereby create a positive and productive environment where they can thrive.

#### 2. The Context:

Most people are still poor and need assistance: economical, educational, medical and skill sets. There are several old age homes and poor homes where people are neglected by their families due to lack of means to look after them. The Upcoming generation needs to be sensitive to these people who once toiled hard to build up the agricultural lands and infrastructural facilities. This sensitiveness would make them appreciate hard labour and indulge in humanitarian activities

#### 3. The Practice

- Contribution to Neighborhood was introduced in the college to bring home to the minds of the students a change of attitude towards the helpless abandoned people.
- Every year, all the students of the college get an opportunity to spend a day with the elderly and children who are kept in the nearby Old age homes and Children's homes. Students spend their day with the inmates interacting with them, cleaning and washing their rooms and premises, washing clothes, bathing the elderly and cooking food for them. The students organize cultural programs and games and make them happy with gifts. All the expense for the day is contributed by the students themselves.
- Evaluation is done after every program as they come away for the site. Experiences are shared, reflections and learning are noted.
- The focus is on educating citizens, particularly young and first-time voters, about the significance of voting in a democratic system. We often organize seminars, discussions,

- Lack of adequate conveyance facilities

### 5. Evidence of Success

- The social outreach programs inculcated among the students an empathetic attitude towards the sick, aged and disabled people. The District Administration and the Police Department awarded our students with certificate of recognition.
- Students are now more interested in nature preservation and environmental protection activities and also resistive to use plastic. They took keen interest in planting and nurturing of plants and trees.
- The people contributed to the democratic process by participated in elections and made informed choices.

### Old Age Home Visit:

This Visiting of an old age home is a thoughtful and meaningful way to connect with senior citizens, offer companionship, and contribute positively to their well-being.

Here is the schedule for visiting the old age home:

- Contact the Old Age Home:
  - Reached out to the administration of the old age home in advance.
  - Inquired about their policies, guidelines, and any specific needs or preferences of the residents.
- Schedule and Coordination:
  - Scheduled the visit at a time that is convenient for the residents and the staff.
  - Coordinated with the facility to determine the duration of the visit and specific activities that were organized.
- Bring Gifts & Treats:
  - Small, thoughtful gifts & treats were given that brighten the resident's Old Age Home.
- Capture Memories:
  - Taken photos (with permission) to capture the moments and create a positive memory for both the residents and students.
  - Shared the photos with the residents as they expressed interest.

Remember that the key was to approach the visit with empathy, respect, and a genuine interest in connecting with the residents. Small acts of kindness and companionship can make a significant difference in the lives of those living in old age homes.

### HONORING AND ADVOCATING FOR THE RIGHTS AND WELL-BEING OF CHILDREN:

A special occasion to promote the welfare of children by conducting various events and activities including educational programs, cultural performances, and fun-filled activities to emphasize the importance of providing children with a safe, nurturing, and supportive environment for their holistic development. It serves as a reminder to uphold the rights of children and to work towards creating a world where every child can grow up in a healthy, happy, and secure environment. We honor the unique qualities and potential of children. Students are often encouraged to express themselves creatively, fostering an atmosphere of fun and learning. We serves as a reminder to advocate for and protect the rights of children, ensuring that they have access to quality education, healthcare, and a safe environment to thrive. This event symbolizes a collective commitment to nurturing the potential of every child and building a future where their voices and aspirations are heard and valued.

### BLOOD DONATION CAMP AND MEDICAL CAMP:

This event conducts individuals voluntarily donate their blood to be used for medical treatments, surgeries, and emergencies. These camps are crucial for maintaining an adequate and safe blood supply in hospitals and healthcare facilities. Here is an outline of the key elements and activities associated with a Blood Donation Camp.

- Preparation and Planning:
  - Coordination with local blood banks, healthcare professionals, and authorities to ensure compliance with regulations.
  - Promotion and awareness campaigns to encourage participation, involving social media, posters, and community outreach.
- Registration and Screening:
  - Volunteers and donors register upon arrival at the camp.
  - Donors undergo a brief medical screening to ensure their eligibility and to identify any potential risk factors.
- Donation Process:
  - Trained healthcare professionals collect blood from willing donors using sterile equipment.
  - Donors typically rest for a short period after donation and receive refreshments to help replenish their energy.
- Post-Donation Care:
  - A post-donation area is designated for donors to relax and recover.
  - Medical professionals monitor donors for any adverse reactions and provide necessary assistance if required.
- Documentation and Thanking Donors:
  - Donors receive a donation card or certificate as a token of appreciation.
  - Expressing gratitude to donors for their contribution to saving lives.

### TREE PLANTATION AND SWACHH TELANGANA:

A combined initiative "Tree Plantation and Swachh Telangana" campaign aimed at promoting tree planting activities and fostering a clean and green environment.

Here are some suggestions on how such an initiative could be organized:

- Planning and Coordination:
  - Form a coordinating committee to oversee the details of the tree plantation and cleanliness drive.
- Identified Plantation Sites:
  - Selected suitable locations for tree plantation, considering factors such as soil quality, water availability, and ecological impact.
  - Focused on areas that need reforestation & where the planting can enhance green cover.
- Species Selection:
  - Chosen native / locally adapted tree species that are well-suited to the region's climate and ecosystem.
  - Considered the environmental benefits, including shade, air purification, and habitat creation.
- Community Participation:
  - Engaged the students to participate actively in the tree plantation drive.
  - Encouraged students to take ownership of the planted trees and commit to their care.
- Educational Programs:
  - Conducted awareness programs about the importance of trees, environmental conservation, and waste reduction.
  - Organize discussion on sustainable practices and eco-friendly habits.
- Cleanliness Drive (Swachh Telangana):
  - Simultaneously conducted a cleanliness drive, encouraging volunteers to collect and properly dispose of litter and waste.
  - Provided waste bins in public spaces and raise awareness about waste segregation.

### NATIONAL VOTERS DAY:

Our primary objective is to encourage, facilitate, and maximize the enrollment of eligible voters, especially the newly eligible ones, and to promote awareness about the importance of participating in the democratic process. This event is marked by various activities, including voter registration drives, awareness campaigns, and events. The focus is on educating citizens, particularly young and first-time voters, about the significance of voting in a democratic system. We often organize seminars, discussions, and competitions to engage students in learning about the electoral process and their role in shaping the future of the nation through their votes. This event emphasizes the value of active and informed citizenship, fostering a sense of responsibility among citizens to exercise their right to vote. The occasion serves as a platform for celebrating the strength of democracy and encouraging people to contribute to the democratic process by participating in elections and making informed choices.
